**4. MAYORAL STATEMENT**

Colac Otway Shire acknowledges the original custodians and law makers of this land, their elders past and present and welcomes any descendents here today.

Colac Otway Shire encourages active community input and participation in Council decisions. Council meetings provide one of these opportunities as members of the community may ask questions to Council either verbally at the meeting or in writing.

Questions made in writing will be addressed if received within two days of the Council meeting. Please note that some questions may not be able to be answered at the meeting, these questions will be taken on notice. Council meetings also enable Councillors to debate matters prior to decisions being taken.

I ask that we all show respect to each other and respect for the office of an elected representative.

An audio recording of this meeting is being made for the purpose of verifying the accuracy of the minutes of the meeting. In some circumstances the recording may be disclosed, such as where Council is compelled to do so by court order, warrant, subpoena or by any other law, such as the Freedom of Information Act 1982.'

Thank you, now question time. 30 minutes is allowed for question time.

1. Questions received in writing prior to the meeting
2. Questions from the floor

## **5. QUESTION TIME**

### **Questions received in Writing prior to the Meeting:**

#### **Mr Phil Lawson – Apollo Bay**

I refer to your supplementary questions received by Council on 21 May 2009. Your questions were referred to the CCMA for comment. The answers provided by the CCMA are outlined below:

These are the questions which you queried at the Council Meeting held on Wednesday 24 June 2009, which were not responded to by the Mayor at the meeting as the responses had not be provided to him. As I agreed at that meeting, the following responses will be read out by the Mayor at the July Council Meeting, even though you will have received this written response well before that time.

#### **2.1 In the Apollo Bay harbour two tides of 1.55m AHD have been observed in the last two years and one of 1.64m AHD. Why is the meteorological tide allowance in the flood modelling only 1.2metres AHD?**

The height of an ocean surge event is the combination of the astronomical tide and meteorological conditions at the time. These events are independent to one another and the maximum height of a particular ocean event is a combined probability problem (ie. a height reached can be achieved by various combinations of astronomical tide between high and low tide throughout the 28 day tide cycle and meteorological condition at that time).

The simple addition of the maximum highest astronomical tide with the highest meteorologic tide surge event is only one of the combined possible events and its probability of occurrence is very much rarer than the 1% AEP flood event that was considered for Great Ocean Green.

#### **2.2 Why was the WBM Oceanics figure for meteorological tide of 1.7m AHD discarded from the flood modelling in favour of the CCMA figure of 1.2m AHD? [WBM Oceanics Figure is made up of Extreme tide 1.4m AHD plus atmospheric pressure 0.3m: Totalling 1.7m AHD]**

It is considered that this question has already been answered in the response to question 2.1 above.

**2.3 Every major flooding storm in Apollo Bay has come from the east. Wind and waves have been perpendicular to the shore maximizing the effect of *Wind and Wave Setup* in increasing the ocean heights at the shoreline. Why does the CCMA include no allowance for Wind and Wave Setup for the flood modelling?**

Not every major flooding storm on the Barham river catchment is likely to come from the east. Work done by CSIRO indicates that less than 10% of events come from east coast lows, 25% of events from Tasman lows and the majority of events (65%) from south-west frontal systems.

Allowance for wind, air pressure and wave action is all included in surge events and their estimates. The CSIRO is currently estimating ocean surge events for various return periods for the south-west coast of Victoria for the DSE Future Coasts Group as part of their evaluation of impact from sea level rise (0.8m by 2100). Wave setup will be included in their surge estimates, and these projections can be compared with the figures used previously.

**2.4 As WBM Oceanics had an allowance for *Wind and Wave Setup* and this had been accepted, why was it discarded from the flood modelling by the CCMA?**

Allowances for wind, air pressure and wave action have all been included in surge event estimates used by the CCMA.

**2.5 Will Council now consider seaflooding/estuary inundation of the Barham floodplain worthy of study, including the sensitivity on inundation heights on the floodplain resulting from a 0.8 metre rise in sea level?**

It is considered that this question has already been answered in the response to question 1.2 above.

I refer to your queries for Council Officers received by Council on 10 June 2009. Answers to each query are provided below:

**3.1 WBM Oceanics Final Report dated 8/9/03: within the mapping limits of Fig A-1 from 2003 is the flood distribution identical as in Maps 29 and 30LSIO-FO in Amendment C12?**

The flood extent identified on Figure A-1 from the WBM Oceanics 2003 report is not identical to the extent of the LSIO as delineated on Maps 29 and 30 of the LSIO for Amendment C12.

**3.2 Can you confirm that for the 2003 WBM Oceanics hydrological study, section 2.2.5 adopted a Peak discharge of 195.8m<sup>3</sup>/s?**

Section 2.2.5 of the 2003 WBM Oceanics Report titled '*Hydrological and Water Quality Considerations*' identifies the peak flood event as '*...the 12hr 100y design event with a peak discharge of 195.8m<sup>3</sup>/s.*'

**3.3 Can you confirm that that for the 2003 WBM Oceanics hydrological study, section 2.4.2.2, adopted a value of 0.20 metres for sea level rise?**

Section 2.4.2.2 of the 2003 WBM Oceanics report titled *Great Ocean Green Golf Course – Hydrological and Water Quality Considerations* adopted a 50yr sea level rise of 0.2m. This figure was superseded in a supplementary report submitted by WBM Oceanics in 2006 and again by the adopted figure in the CCMA's *Barham River Flood Study* which was 0.8m by 2100.

**3.4 Can you confirm that the Peer “Hydrological Review” of the Barham River Flood Study by Mr R G Mein dated 1/10/07 accepted the use for 100yARI flood mapping of a peak discharge figure of 250 m<sup>3</sup>/s?**

It is considered that this question has already been answered in question 1.1 above.

**Mr Phil Lawson – Apollo Bay**

There are a number of theoretical computer flood maps that have contributed to the C12 Amendment as it applies to the Barham River floodplain. The important computer input figures of “Friction Coefficients” that are applied to the landscape dictate the ease with which flood waters flow. An example dense scrub will slow floodwaters in comparison to short grass and therefore effect flood heights.

**Question 1 : What are the friction coefficients and their numeric value that were applied to the Barham floodplain for:**

**Flood Map Fig 1. WBM Oceanics/Great Ocean Green - 2003 ?**

**Flood Map Fig 5. WBM Oceanics/Great Ocean Green - 2007 ?**

**Flood Maps 29 and 30LSIO C12 Amendment, Exhibited - 2008 ?**

*In the original Great Ocean Green Supplementary Reports August 2003 under the WBM-Oceanic Section, details are given on the hydraulic model formation and the parameters and boundary conditions used. Section 2.4 describes the model. Each grid cell in the model (5m x 5m grid) is assigned a manning's friction coefficient from Table 2.3 based on the vegetation present. The CCMA considers the friction values for each vegetation type in table 2.3 are reasonable. Due to the complex nature of the data concerning this issue Mr Lawson will be provided with a hard copy of the relevant excerpt from the report.*

*During the panel hearing a number of model re-runs were made involving testing the sensitivity of vegetation types along the river. The WBM Oceanics memorandum to Colac Otway Planning Scheme Amendment C29 dated 16 April 2007 includes the results for revegetation of a 30m buffer along the river. The results quoted in the last dot point showed a small increase in flood levels (3cm) at the edge of the floodplain. A copy of this document will also be provided to Mr Lawson.*

**Question 2. : Will you supply me with outline Maps indicating the distribution of the friction coefficients over the Barham floodplain for Fig 1, Fig 5 and Maps 29 and 30 ?**

*The CCMA has indicated that it does not have the above information in map form. The CCMA has relied on the work done by WBM-Oceanics, being a competent consultant in this field, to assign friction coefficients correctly and accepts the results for the existing condition for the purpose of defining an LSIO extent.*

### **Beechy Project Management Group, Joint Use Library Operations Reference Group and Joint Use Library Communications Reference Group.**

Would you please advise me in writing at your earliest convenience:-

**1. For each of these 3 committees- the total number, the individual's names, and the organisations they represent, of the current members?**

#### Beechy Project Management Group

Kerri Erler and Phil Currie – Department of Planning and Community Development

David Cross and Colin Brown – Department of Education and Early Childhood and Development

Richard Cooper – Colac Secondary College

Colin Hayman and Marg Scanlon – Colac Otway Shire

Christine Ferguson – Neighbourhood Renewal

John Paxton – Gordon Institute of TAFE

Leigh Dicker – Bradbury Dicker Group

Peter McDonald – Post Compulsory Education (Otway Community College)

#### Joint Use Library Operations Reference Group

Pepita Marshall – Colac Library

Sally Wade – Corangamite Regional Library

Marg Scanlon – Colac Otway Shire

Christine Farmer – Colac Secondary College

Jackie Dullard – Colac Secondary College

Rachel Wood – Colac Neighbourhood Renewal

Richard Cooper – Colac Secondary College Principal and James Purcell CEO Corangamite Regional Library Corporation as required.

#### Joint Use Library Communications Reference Group

Brett Fraser and Colin Brown – Department of Education and Early Childhood Development

Sally Wade – Corangamite Regional Library

Colin Hayman, Marg Scanlon and Tamzin McLennan – Colac Otway Shire

Rachel Wood – Neighbourhood Renewal

Richard Cooper (or representative) – Colac Secondary College

**2. The date of commencement and the schedule of regular meeting dates for each of the JUL Operations Reference Group and the JUL Communications Reference Group?**

The Operations Reference Group commenced Thursday 16 July 2009 and meets weekly.

The Beechy Precinct Communications Reference Group commenced 11 June 2009 and meets monthly.

**3. When are the Terms of Reference for each of the JUL Operations Reference Group and the JUL Communications Reference Group expected to be completed, and would Council then please forward to me a copy of each?**

The Terms of Reference are developed for each of the named groups and will be forwarded.

**Paul David Cross - FOCL**

Re: Development and Joint Use Agreement Global Connector Facility including Joint Use Library ("Agreement")

- 1. Would you please advise me as to the precise process to view and/or obtain a copy of the Building Works Contract including full details of the Building Works Contract (as provided by DEECD to COS), as this is the complementary documentation to be read in conjunction with the Agreement which was previously released to the community by COS on 24 October 2008?**

This information was received from DEECD and indicates that the documents have been provided 'Commercial In Confidence'.

- 2.(a) On what date was the Building Works Contract issued to the building contractor?**

Unable to answer this question, as this was managed by the Department of Education and Early Childhood Development not Colac Otway Shire.

- (b) Which of the following is the party who issued the Building Works Contract to the building contractor?**

- The Minister for Education?
- DEECD?
- The Council of Colac Secondary College?

The Council of Colac Secondary College

- (c) Which of the following is the other party to the Building Works Contract (other than the building contractor)**

- The Minister for Education?
- DEECD?
- The Council of Colac Secondary College?

The Council of Colac Secondary College

- (d) How much are the estimated Construction Costs of the Global Connector Facility listed in the Building Works Contract?**

**If they are unchanged from the initial estimated Construction Costs of \$5.894million, which were determined previous to the October 2007- December 2007 period, at least 15-17 months" prior to entering into the Building Works Contract", will Council, in order to discharge their fiduciary responsibility, now have an "independent" costing made thereof to ensure that these figures are current and reliable and accurate?**

The construction costs are unchanged as they are based on quantity surveyor costs as sourced further to the completion of the detailed design.

- (e) On what date did COS write to DEECD requesting a copy of the Building Works Contract including full details from DEECD?**

Council formally wrote to DEECD requesting a complete copy of the documentation pertaining to the Joint Use Library in April 2009. In accordance with the Development and Joint Use Agreement contract details regarding the Joint Use Library development have

been provided to Council via Council Officers representing Council on the Project Management Group.

**(f) On what date was COS provided with the Building Works Contract including full details from DEECD?**

Provision of project details has been over the course of numerous months as details have been developed and confirmed. Complete copies of the final documents were received by Council in 11 June 2009.

**Questions received Verbally at the Meeting**

**Ray Ensley - Elliminyt**

**Elliminyt Gas – Special Charge Scheme**

Cr Russell advised a declaration of interest in this item and left the Council chambers at 3.33pm.

**1. Page 62 – 3rd paragraphs**

**There was a second survey done in August 2006 in relation to this that is not mentioned. Can you please add this to ensure that a correct this history is recorded.**

Neil Allen, General Manager, Infrastructure and Services advised that he would take this question on notice and investigate the issue.

**2. P65**

**Council refers to a Property Developer pay who will pay 50% of the scheme. Can we know the name of the developer?**

Mayor, Cr Brian Crook advised that the Developer is Brendon Scanlon.

**3. P66 Reference to paying options: Payment in stages including interest. What is Councils current overdraft rate?**

Colin Hayman, General Manager, Corporate and Community Services advised that this question will be taken on notice and a response forwarded with the above response.

**4. Can this information be give to the Media?**

Colin Hayman, General Manager, Corporate and Community Services advised that yes, this information will be provided to the Media via a press release.

**Christine Holm FOCL**

**1. How can the Councillors vote for this budget knowing that a vote for this budget is a vote for the Joint Use Library?**

Mayor, Cr Brian Crook advised that the Joint Use Library decision was made earlier this year. Budget is for consideration this month and is a separate issue.

**2. After it is passed, how can we fix it later on?**

Mayor, Cr Brian Crook advised that the Joint Use Library has already been decided.

## **Lyn Foster FOCL**

### **1. How can they (Councillors) vote for this Budget when figures are incorrect? Overbudgeted by \$150K**

Colin Hayman General Manager, Corporate and Community Services advised Councils maximum contribution is upto 1.3M.

### **2. When will you find out how much we need to borrow?**

Colin Hayman General Manager, Corporate and Community Services advised at the end of the project.

### **3. Darren Cheeseman – Extra Article – Bus (use it or lose it)**

**Is it Councils intention to continue the bus service when final review ends next month and if so are fund allocated in budget and will service continue?**

Colin Hayman General Manager, Corporate and Community Services advised that this funded by State Govt. not Council. If the Bus Service is not being used will need to look into it. This is part of the process of looking into maximising useage.

### **4. How will people get to Joint Use Library?**

Colin Hayman General Manager, Corporate and Community Services advised that this will be part of this process.

### **5. Why are there funds for sports stadium redevelopment. \$60,000**

Colin Hayman General Manager, Corporate and Community Services advised that in the revision of budged we have sought funding contributions from other sources. Council's contribution now is \$40,000.

## **Paul David Cross – FOCL**

### **1. To finance the budget, will Council be selling public infrastructure?**

Mayor, Cr Brian Crook advised that council are considering a number of options. Discussion are in early stages.

### **2. Why wont a Councillor ask to have the building contract investigated?**

Rob Small, Chief Executive Officer, advised that this has been discussed at the last meeting. The action of quote on current works is irrelevant. It has already been tendered. It is a fixed price contract and has to be delivered as per the requirements. Rigorous review has taken place. COuncil are confident that this project will be delivered as per the contract.

### **3. How can Councillors allocate \$457,000 toward refurbished office space when they (Council) discontinued their investigation into getting out of Joint Use Library?**

Mayor, Cr Brian Crook, advised that these issues have already been discussed. A decision has been made. There is no turning back.

At 3.50pm the Mayor declared a cessation to Standing Orders for afternoon tea with the Gallery.

At 4pm standing orders were resumed.

## 6. DECLARATION OF INTEREST

Cr Lyn Russell: OM0924207-9 Special Charge Scheme – Elliminyt Natural Gas  
Interest: Direct Interest  
Nature of Interest: Participant in the Scheme

The Chief Executive Officer noted that the Manager of Capital Works – Paula Gardiner declared an indirect interest under Section 78 of the Local Government Act 1989 in relation to item OMO92207-9 Special Charge Scheme – Elliminyt Natural Gas

## 7. CONFIRMATION OF MINUTES

- Ordinary Meeting of the Colac-Otway Shire Council held on the 24/06/09.
- Special Meeting of the Colac-Otway Shire Council held on the 08/07/09.
- Meeting of the Roads Committee held on 3 June 2009.

***MOVED Cr Stephen Hart seconded Cr Stuart Hart that Council confirm he above minutes.***

At 4.05pm the Mayor read out the following statement:

I would like to make a statement today to end any further conjecture about Colac Otway Shire's support, respect for, and relationship with, our local business community. Much has been reported about Council's decision not to contribute \$10,000 to Otway Business Inc's marketing campaign for 2009-10.

Some of it has been misinformed, a lot of it fuelled by frustration, but none of it has been the stuff we need to take this shire forward.

Council has received a lot of criticism for its decision, but I would like to take this opportunity to present some facts to today's gallery.

Firstly, there is no "war" between Council and Colac's business community. Since 2005, Council has invested more than \$120,000 into the programs and initiatives of Otway Business Inc.

We are strong supporter of business in Colac, not just financially but in the hours our officers dedicate to making this shire a great place to live, work and invest.

Claims that Council "rejected" an application from OBI for \$10,000 are untrue. Our Economic Development team, which works closely with our business community, identified OBI's need for funding and prepared a submission to the budget process on the group's behalf.

As it turned out, OBI's marketing project was one of many put before Council's consideration for funding as part of our 2009-10 budget. On this occasion, other projects were deemed to be a greater priority.

Budgets are a yearly task and this year's was difficult - Council officers put forward 25 capital works projects and 53 operational projects. Of those, we were able to fund five of those 25 capital works projects, and 13 of the 53 operational projects.

We live in difficult economic times, and Council's budget came down to priorities, capacity and balance. I believe the budget before us today is a responsible financial plan for this community.

It should be noted that Council's Economic Development team is currently preparing a proposal for next year's budget for a three-year marketing plan for Colac. In addition to this, Council initiated a round table discussion with business leaders earlier this year to get a better understanding of their visions for the future of this town.

I would like to correct suggestions made in the media that Council has no retail experience in its ranks. On the contrary, I can tell you that I have eight years experience running a mixed business in Colac with my wife and family.

Councillor Frank Buchanan operated a newsagency and currently operates several businesses in Apollo Bay including a winery.

Councillor Stuart Hart operated a panel beating business for many years before he moved to this region.

In addition to this, Cr Chris Smith runs a farming enterprise and Cr Geoff Higgins has run several farming, transport and earthmoving businesses.

While these may not all be pure retail examples, it is enough to demonstrate that this Council has a solid understanding of the challenges of running a business.

It is very disappointing that Colac's business community has decided to air their issues with Council through the media.

As Mayor, I make myself as available as possible to speak to anyone about Council matters and would have been happy to have a round table with OBI. Further, OBI could have made a submission when our 2009-10 budget was in draft form and released for public comment. Council had a special meeting two weeks ago that was designed to give the community a chance to stand before Council and make comment on our budget.

OBI was encouraged to make a submission to our budget, but chose not to.

On a positive note, I would like to take a moment to inform the gallery of the investments Council is making in business as part of the budget before us today.

- Council has earmarked \$75,000 for the beautification of our central business district. This money will be used to leverage additional funding from the Victorian Government to draw up detailed designs for our main shopping precinct.
- There is \$11,000 in this budget to provide workshops for businesses in this shire.
- There is \$155,000 allocated to Otways Tourism Inc to promote Colac, and the greater shire
- Council continues to financially assist the annual Colac Otway Business Awards, which is a fantastic celebration of our city's businesses.
- In addition to this we have an Economic Development unit dedicated to improving this shire's economy through a variety of means, including close liaison with the business community.

It is time for this nonsense and inaccuracy to stop. We live in a great community with fine leaders in all aspects of business. So far our economy has proven resilient in terms of the global financial crisis, but these times demand solidarity and partnerships, not negative political point scoring.

This call is not just aimed at the business community. The media can play a powerful role in harnessing a spirit of goodwill and co-operation in communities. This Council wants to work with business, the media and the greater community to progress our great shire.

***MOVED Cr Lyn Russell seconded Cr Stuart Hart that recommendations to items listed in the Consent Calendar, with the exception of items OM092207-9, be adopted.***

***CARRIED 7 : 0***

Having declared a conflict of interest in Item OM092207-9 Cr Russell left the Council Chamber at 5.10 pm

Cr Lyn Russell: OM0924207-9 Special Charge Scheme – Elliminyt Natural Gas  
 Interest: Direct Interest  
 Nature of Interest: Participant in the Scheme

The Chief Executive Officer noted that the Manager of Capital Works – Paula Gardiner declared an indirect interest under Section 78 of the Local Government Act 1989 in relation to item OMO92207-9 Special Charge Scheme – Elliminyt Natural Gas

***MOVED Cr Stephen Hart seconded Cr Geoff Higgins that Council, in accordance with sections 163(1A) and (1B) of the Local Government Act 1989 (Act) give notice of the declaration to vary a special rate scheme for the construction of a reticulated natural gas network within the Elliminyt area, based on one benefit unit equating to \$1,159.18 per unit.***

***The declaration will vary the scheme by including additional lots in the scheme arising from the subdivision of land within the scheme boundaries so that the land affected by the scheme are those listed in paragraph (a).***

- (a) *the following be declared as the land in relation to which the special charge is so declared;*
