4. MAYORAL STATEMENT

Colac Otway Shire acknowledges the original custodians and law makers of this land, their elders past and present and welcomes any descendents here today.

Colac Otway Shire encourages active community input and participation in Council decisions. Council meetings provide one of these opportunities as members of the community may ask questions to Council either verbally at the meeting or in writing.

Questions made in writing will be addressed if received within two days of the Council meeting. Please note that some questions may not be able to be answered at the meeting, these questions will be taken on notice. Council meetings also enable Councillors to debate matters prior to decisions being taken.

I ask that we all show respect to each other and respect for the office of an elected representative.

An audio recording of this meeting is being made for the purpose of verifying the accuracy of the minutes of the meeting. In some circumstances the recording may be disclosed, such as where Council is compelled to do so by court order, warrant, subpoena or by any other law, such as the Freedom of Information Act 1982.'

Thank you, now question time. 30 minutes is allowed for question time. I remind you that you must ask a question, if you do not have a question you will be asked to sit down and the next person will be invited to ask a question. This is not a forum for public debate or statements.

5. QUESTION TIME

Questions Received in Writing Prior to the Meeting

Damien Dureau – Colac

Would you please provide me with answers in writing to the following questions:-

1. **In late-2007, the Municipal Association of Victoria (MAV) reconvened their committee, the MAV Library Working Party, which dates back to 2000.**

The primary concern of that committee is to co-ordinate the MAV's Library Campaign to lobby for improving recurrent public library services funding arrangements from the Victorian State Government.

As the basis for their "library position and funding campaign", the MAV Library Working Party commissioned an independent Report on the value of public libraries. The Report was prepared by Library expert, Dr Alan Bundy, and is entitled "Dividends: The Value of Public Libraries to Victorian Communities, their State Government, and their Councils" and was presented to the MAV in late-2008.

Warrnambool City Council tabled Dr Bundy's Report in their Council Meeting Agenda on 15 December 2008.

At the MAV State Council Meeting on 30 October 2009, City of Greater Geelong, Surf Coast Shire Council and Golden Plains Shire Council all formally put forward as one of their very top priority issues, their support for the MAV's Library funding lobbying campaign.

Does Colac Otway Shire have any future plans, for any "active participation", to join in the MAV's anticipated 3-to-5-year library position and funding lobbying campaign, like all these other Councils in our region?

Specifically, will COS:-

- (a) put forward their own submission on this issue to the MAV?**
- (b) seek representation/membership on the MAV Library Working Party?**

Response: Unaware of any intention to make a submission.

2. In *The Colac Herald*, Monday 21 December 2009, prominent local Liberal Party candidate for State Parliament and former President of the Victorian Farmers Federation, Mr Simon Ramsay, was quoted as saying that he would like to see the now former Colac High School "... buildings used for TAFE or adult education. The infrastructure's there, it'd be a shame to see it wasted...".

This followed a report in *The Colac Herald*, Wednesday 16 December 2009, where a Victorian State Government Department of Treasury spokesperson was reported as saying that the department typically used old school sites for education purposes, and a former long-standing Vice-Principal of Colac High School was reported as saying that he would like to see adult education offered at the site.

The current lease between Colac Otway Shire and Otway Community College, in relation to the lease of a part of the historic former Shire of Colac office building at 6 Murray Street, by Otway Community College (OCC), expires on 30 April 2010.

In light of all the above, would Council please give serious consideration to the following most common sense proposal:-

- (a) Encourage OCC to move to the former Colac High School.
This would be a more appropriate site for OCC as it is set up as an education environment, and would provide more space to meet their requirements as well as for future expansion. Various training courses presently held in COPACC, run through OCC by the Geelong-based Gordon Institute of TAFE, would then all be able to be held at the new OCC site?
- (b) COS re-locate a further part of their office administration operations to the former Shire of Colac office building where their COS Aged & Disability Services Unit administration is already located.

This would provide a further 935 square metres (ie. 1100 square metres x 85%) of office accommodation space for COS, without the capital expenditure?

- (c) Retain the existing Colac Public Library building in Gellibrand Street all for Library Services – that is, a Library Annexe/Satellite/Sub-Branch, and the Corangamite Regional Library Corporation headquarters?

Response: Correspondence has been sent to Department Secretary's for the Department of Education and Early Childhood Development and the Department of Planning and Community Development seeking an opportunity to discuss the option of undertaking a Master Plan on the Murray Street decommissioned Colac High School Site.

A Master Plan process would provide an opportunity for both the community and Council to have input to the possible future options of the site. Council have not formally considered this issue at this stage.

3. As per Council's previous advice, the current lease between COS and OCC, in relation to the lease of a part of the 6 Murray Street building by OCC, expires on 30 April 2010 with a further option for a five year term. It would appear that if the tenants, OCC, were to "request" the further option for a five year term under the lease from COS, that it would then require agreement by COS to accede to that request, including agreement in negotiations on the rental amounts payable.

Please advise what input, if any, COS Councillors would have in these negotiations with OCC, in coming to any agreement between COS and OCC, or would this entire process, including negotiations, be a function delegated to, and carried out exclusively by, Council Officers in coming to any agreement between COS and OCC, without any involvement from COS Councillors?

Response: At this stage discussions have been held between Council Management and OCC Executive however no further advice as to the status of the negotiations is available at this time. Council has been made aware of these discussions.

4. The former Skills Connection building (for Arts Connection services), referred to as being located at 76 Corangamite St, is believed to have been built by Skills Connection in 2002, with its own money (together with a Government grant), on COS Council-owned land.

(a) Please confirm that the previous ownership status of the “building” was that it was a Skills Connection-owned building on Council-owned land?

Response: Previous ownership, in accordance with the lease agreement, stipulated that Council owned the land. Our understanding is that Arts Connection owned the buildings.

(b) If it was a Skills Connection-owned building on Council-owned land, under what arrangements, terms and conditions was the building on Council-owned land, that is, please confirm that there was a lease agreement between Skills Connection and COS for use of the Council-owned land, and if so, what were the terms of the lease (ie. when did the lease first begin; what was the term of the lease in number of years; what was the annual payment of rent to Council)?

Response: Lease Agreements are Commercial In Confidence documents and as such this matter will be treated accordingly. I advise that the previous response in relation to the former Arts Connection building provided at the 16 December 2009 Council Meeting was that this matter was reported to Council in a Confidential Council Report on 16 December 2008, that report discussed the budget implications for Council. This question therefore relates to information which was previously recorded in Confidential Report to Council and no further advice will be provided.

(c) As per Council’s previous advice, Council paid \$325,000 to Skills Connection, presumably for Council to become the owner of the former Skills Connection-owned “building”. What was the breakdown of the components of that \$325,000 payment (ie. how much was paid for the “purchase of the building”; how much was paid for the “buy-out”/ “purchase of the lease”)?

Response: This matter is subject to Confidential Council Report on 16 December 2008 and the question relates to information contained in that report. As such no further information will be provided.

(d) Please confirm that the current ownership status of the “building”, post-\$325,000 transaction, is that it is a Council-owned building on Council-owned land, with no outstanding lease matters?

Response: I confirm that the building in question is now Council owned with no outstanding matters.

5. As per Council's previous advice, Council's purchase of the former Skills Connection building was not provided for in the COS Annual Budget 2008/2009, but instead appears to have been the subject of a "confidential" Council Report brought before the Ordinary Meeting of Council on 16 December 2008, "In-Committee", under the item of "Accommodation Review", where it appears that Council were advised of the budget/financial implications, and where it appears that councillors voted to purchase the building from Skills Connection, for an eventual payment of \$325,000.

In relation to the \$325,000 payment:-

- (a) Was the \$325,000 amount made in one payment, and if so, on what date?

Response: This matter was previously reported to Council in a Confidential Report on the 16 December 2008 and similar advice was provided on this matter at the 16 December 2009 Council meeting in response to public questions from Mr Damian Dureau. As such this matter has been dealt with and no further information will be provided.

- (b) Alternatively, was the \$325,000 amount made in a schedule of payments, and if so, what were the dates due and amounts of each payment?

Response: This matter was previously reported to Council in a Confidential Report on the 16 December 2008 and similar advice was provided on this matter at the 16 December 2009 Council meeting in response to public questions from Mr Damian Dureau. As such this matter has been dealt with and no further information will be provided.

- (c) Please confirm if the funds for the \$325,000 amount was made available from existing Cash Holdings; Debt Borrowings; or the Sale of Property (and if so, a description of the property/s sold); and if a combination of these funding sources was involved, how much was sourced from each funding component?

Response: This matter was previously reported to Council in a Confidential Report on the 16 December 2008 and similar advice was provided on this matter at the 16 December 2009 Council meeting in response to public questions from Mr Damian Dureau. As such this matter has been dealt with and no further information will be provided.

- (d) If the \$325,000 amount was made from existing Cash Holdings, in full or in part, please confirm if the funds were provided from General Revenue; or a Reserve fund either allocated and set aside for this or any other specific purpose (and if so, which such specific purpose Reserve fund)?

Response: This matter was previously reported to Council in a Confidential Report on the 16 December 2008 and similar advice was provided on this matter at the 16 December 2009 Council meeting in response to public questions from Mr Damian Dureau. As such this matter has been dealt with and no further information will be provided.

6. As per Council's previous advice, "Council Building Assets Renewal Program" had a budget allocation of \$163,000 in 2008/2009, which was drawn on for council office accommodation expenditures, to provide and reconfigure council office space areas, totalling some \$109,000 (ie. \$86,000 plus \$23,000),

subsequent to and resulting from, Council's purchase of the former Skills Connection building.

In fact, COS Annual Budget 2008/2009 (as adopted) at "Appendix C – Capital Works Program", provides a line item for "Council Building Assets Renewal Program" with a budget allocation of \$100,000 (all to be sourced from "Revenue", ie. with no "Carry Over" of funds from the previous year).

- (a) Please confirm once more the "\$163,000" advice, and if so confirmed, please advise which items and amounts (and their page numbers) in the Annual Budget 2008/2009, Appendix C – Capital Works Program comprise this budget allocation of \$163,000?

Response: A response was previously provided to Mr Damian Dureau at the 16 December 2009 Council Meeting on this matter. That response dealt with the issues raised and as such, no further response is warranted.

- (b) COS Annual Report 2008/2009 in the Financial Statements Report at Note 30, provides a line item for:-

"Commitments; Not later than 1 year; Capital; Other infrastructure - \$86,000".

- (i) What exactly was this \$86,000 commitment for?
(ii) Was it the \$86,000 for converting the former Skills Connection building into office space for Council's Infrastructure & Services Unit staff, works which were not completed and operational until mid-July 2009?

Response: A response was previously provided to Mr Damian Dureau at the 16 December 2009 Council Meeting on this matter. That response dealt with the issues raised and as such, no further response is warranted.

Questions Received Verbally at the Meeting

Christine Holm – FOCL

We understand that Council received what the consultants considered to be the final report on the Enhanced Library Service project in the week before Christmas, have the consultants been asked, or will they be asked, to make any alterations to the final report?

Response: The CEO replied that the consultants had been asked to elaborate on the underlying background used to justify expenditure at each of the annex options.

In the Colac Herald on the 6 January 2010 it was reported that the final report on the Enhanced Library Services would be presented at the Council Meeting on the 27 January 2010, could you please explain why the final report is not included in the agenda for today's meeting?

Response: The CEO advised that there were some concerns with the underlying assumptions made with respect to the costing of options within the report so he had taken some time to undertake further research to ensure that Council is fully informed of the proposed options. This has meant that there was insufficient time for the report to be presented at the January Council meeting, however, in the spirit of the report being specific to the people of Colac, it will be presented at a Special Council Meeting to be held on the 10 February 2010 in Colac to enable people directly involved to more easily attend.

Russell Adams

In view of the fact that the Colac Lake will probably dry up this year what are Council's plans to rid the lake of carp and will it be more successful than last year?

Response: The General Manager Sustainable Planning & Development, responded that the work done last year was considered to be very successful with the eradication of all carp from the lake. Unfortunately some carp still remained in the Barongarook and Deans Marsh creeks and had returned to the lake and were now attempting to escape back to the creeks. To address this it is planned to install two way fish traps to attempt to eradicate the rest of the carp from the creeks. The General Manager also advised that there had been no spawning of the carp in Lake Colac for the last five years so there is a belief that Council can work towards a total eradication of the fish.

How often is hard waste collected and when is the next collection due?

Response: The General Manager Infrastructure & Services reported that a kerbside collection is provided for domestic waste in Colac and a transfer station is available for residents to dispose of their hard waste.

Where is that transfer facility located?

Response: The General Manager Infrastructure & Services advised that the transfer station is located at Alvie.

A hard waste collection was provided last year so why not this year?

Response: The CEO advised that no provision had been made in this year's estimates. It is an issue that is raised each year for Council to consider however there is no budget available to provide the hard waste collection this year.

With reference to the surface of the Central Reserve and the Eastern Reserve cricket pitch, who controls the reserves and why are they unsafe?

Response: The CEO advised that while this question would be taken on notice for a more formal response, Council is responsible for the maintenance of reserves and this has been both problematic and expensive given the current dry conditions. While the issue of leveling the grounds requires the use of an expensive laser level system, Council is in the process of a rolling program of upgrading reserves which includes the installation of drought tolerant grass species and the repatching of some bare areas.

Lyn Foster – FOCL

Are the consultants who have been engaged to undertake the Enhanced Library Services project independent and at arm's length from the Council or have they been effectively contracted as short term employees of the Colac Otway Shire under the guidance and influence of the Council?

Response: The CEO advised that while the consultants had been contracted to Council, apart from being given a project brief and provided with advice when sought, no effort had been made to influence the consultant's findings. The Colac Otway Shire had entered into a contract with the consultants for services to Council and for the seeking of independent advice.

Throughout the Enhanced Library Services process have there been any requests for the consultants to make any changes to either the draft or final reports and if so who initiated those requests, the Council or Councillors?

Response: The CEO reported that following a briefing on the project by the consultants, Councillors had specifically requested that consultants provide recommendations in the report.

General Manager for Corporate & Community Services stated that only minor changes had been made based on the information provided and the only significant change request had been for the inclusion of recommendations.

If Council has requested any changes to the Enhanced Library Services throughout the process, are there any changes that the consultants have not agreed to make and what is the nature of these changes?

Response: The CEO repeated that Council had specifically asked for recommendations based on the consultant's analysis be included in the report. Work is now being done on the recosting of those recommendations which could lead to some further minor changes to the wording of the report.

Elizabeth Ryan – Birregurra

Could the CEO and former Mayor, Cr Brian Crook, please explain why there has been no response to road issues raised by me at a meeting with them both at the end of November?

Response: The CEO reported that the issue had been referred to the General Manager Infrastructure & Services to conduct a thorough review of the questions raised during the meeting and this process has not been completed.

General Manager Infrastructure & Services apologised for the delay and advised that staff are currently conducting an audit of the list of the various tasks and actions previously provided to Ms Ryan and a response would be forwarded to Ms Ryan upon its completion.

Why did Council do the Colac Hockey Reserve up when there is no viable hockey club in town?

Response: The General Manager for Corporate & Community Services advised that the reserve is a multi-purpose facility used by a number of organizations including the soccer club and the dog obedience school.

The Mayor suggested that Ms Ryan organize to meet with the CEO and Mayor to address these issues further.

How can Council commence major works projects such as the joint-use library and the Apollo Bay transfer station without finance?

Response: The CEO reported that the Council is confident of gaining the required funding and that the raising of loans is a matter of timing in that Council's cash at hand is generally used prior to loans being raised.

Dieter Wessner – FOCL

Does the consultant's Enhanced Library Services final report actually say 'final report' or is it still in print.

Response: The CEO has advised that while the report had been provided as what the consultants considered to be the final report, a greater elaboration in the costs involved in the options is required so the wording may change slightly before the document is finalized. For all intents and purposes the report is the final report however the words, 'final report' do not appear on the report.

Will there be one long report and one shorter report?

Response: The CEO reported that there will be one report with an executive summary at the front.

How many pages would that be?

Response: The General Manager for Corporate & Community Services advised that it would be approximately 50 pages long.

- (g) *The following be specified as the manner in which the special charge so declared be assessed and levied:*
- *The unit of assessment is one (1) benefit unit. The unit benefit equates to an estimated \$8,656.47.*
- (h) *Having regard to the proceeding parts of this Resolution but subject to Section 166(1)(b) of the Local Government Act 1989:*
- (i) *it can be confirmed that the owner of each rateable land described in Column 1 of the Schedule will therefore be liable for the respective amounts set out in Column 2 of the Schedule; and*
- (ii) *it be recorded that each owner may, subject to Section 167(4) of the Local Government Act 1989 and any further Resolution of Council pay the special charge in the following manner.*
- (a) *Payment of quarterly installments (commencing within one calendar month of the issue of the notice requesting payment) over 4 years with interest paid on the remaining principal at the Council overdraft rate and that a penalty interest rate be applied to late instalment repayments only; or*
- (b) *Payment by lump sum to be paid within one calendar month of the issue of notice requesting payment.*
- (i) *It be recorded that, subject to Section 163B and 166(1)(b) of the Local Government Act 1989, Council proposes to use the money from the special charge so declared in the manner set out in the "Estimate" annexed to this resolution.*

- (j) ***That Council allocates \$90,050 as its portion to the Special Charge Scheme in the Capital Works Program for consideration in the 2010/11 budget process.***
- (k) ***The total cost of the project is estimated to cost \$283,000, of which 65% of the total project cost, being an estimated \$183,500, will be apportioned across the 20 rateable properties within the scheme. The remaining 35% of the total project cost, being an estimated \$99,050, will be funded by Council.***
