- **PURPLE** bins for glass-only collection will be delivered to households during November. Your **PURPLE** (glass-only) bin will be collected every four weeks on your usual collection day. Refer to the **G** week for collection dates.
- Glass bottles and jars (without lids) go in the **PURPLE** bin. Please remove lids and place in the **RED** landfill bin.

## Waste Tips:

- Place your food scraps in the **GREEN** organics bin.
- Keep your **RECYCLING** loose, don't bag it.
- Soft plastics go in the **RED** landfill bin, or recycle via supermarkets.

## Reasons your bin might not get collected:

### Contains incorrect material

- Eg. Household garbage in recycling or organics bin.
- ### Bin was placed out after collection
- Bins are required to be placed out the night before collection as per the Local Laws.
  - Drivers have a strict schedule for collections and coming back for your bin may result in them not being able to finish the day's collections.

### Overfilled bins

- Bin should be no heavier than 80kg – if you have trouble moving it, trucks have trouble lifting it.
  - Cause spillage on the roadway.
  - Open bins attract birds and vermin.
  - Open bins become overweight due to water entry.
- Do not place extra items next to the bin as these cannot and will not be collected**

**G** Glass Collection – Place **PURPLE** (glass) bin out with **YELLOW** (recycling) bin.

**O** Extra Collections – Place **GREEN** (organics) and **YELLOW** (recycling) bins out.

**○** Collection on these days will be carried out on the day following their normal collection.
