### Council Otway Shire Council is developing a new Environment Strategy - and we want your contribution!

The new strategy will guide Council's environmental values and targets for our region for close to the next decade.

It's essential that community opinion shapes this strategy - we need your help. Please join us at one of the drop-in sessions that will be held across the shire in June to have your say.

This is the first step in the development of the strategy that will involve a survey, widespread consultation, open submissions, and a request for feedback once the draft has been created. Further information (and the survey) will be available on Council's website.
