5. WELCOME & ACKNOWLEDGEMENT OF COUNTRY

I would like to start this evening by acknowledging the traditional custodians and law makers of this land, their elders past and present and welcome any descendants here today.

I would also like to advise that all Council meetings are audio recorded, with the exception of confidential matters. This includes the public participation sections of meetings.

Audio recordings of meetings are taken to facilitate the preparation of the minutes of open Council and Committee meetings and to ensure their accuracy.

In some circumstances a recording will be disclosed to a third party. Those circumstances include, but are not limited to, circumstances, such as where Council is compelled to disclose an audio recording because it is required by law, such as the Freedom of Information Act 1982, or by court order, warrant, or subpoena or to assist in an investigation undertaken by the Ombudsman or the Independent Broad-based Anti-corruption Commission.

Council will not use or disclose the recordings for any other purpose. It is an offence to make an unauthorised recording of the meeting.

BEHAVIOUR

Before we move on to Public Question Time, I would like to remind all Councillors of our obligations under the Councillor Code of Conduct and Local Law 4 which regulates the proceedings at Council Meetings.

As I have said previously, I have high expectations of Councillors and expect us to work together and with the organization for our community.

Towards this, it is my expectation that all Councillors exhibit exemplary conduct at all times during tonight’s meeting. This means that you will behave in a professional manner throughout and that you will treat each other with courtesy and respect, even if there is disagreement.

I want to be clear that I will not tolerate any form of personal acrimony or insult, grandstanding, unnecessary interruptions or unreasonable or impolite language.

Nor will I tolerate any behaviour or comments that are disrespectful towards our professional officers.
6. QUESTION TIME

A maximum of 30 minutes is allowed for question time. To ensure that each member of the gallery has the opportunity to ask questions, it may be necessary to allow a maximum of two questions from each person in the first instance. Once everyone has had an opportunity to ask their initial questions, and if time permits, the Mayor will invite further questions.

Please remember, you must ask a question. If you do not ask a question you will be asked to sit down and the next person will be invited to ask a question. Question time is not a forum for public debate or statements.

QUESTIONS RECEIVED IN WRITING PRIOR TO THE MEETING

Mr James Judd

1. Is Council going to issue a public apology for making a false claim in writing in a Council agenda? Councils claim that by removing names from submissions on the Colac 2050 Growth Plan was to protect a person’s identity. The truth is much other details are required to be provided. These details would identify the origin of the submission and how to contact a submitter.

Response from General Manager, Development & Community Services

Names were removed from submissions in accordance with relevant privacy legislation and procedures.

2. With the very quick extension to the use of solar panels by the Colac Otway Shire Council for production of electrical power, has Council yet looked into what is to be done with the solar panels once their usable life is over?

Response from General Manager, Development & Community Services

Solar panels typically come with 20-25 year warranties that guarantee that the panels will produce at least 80% of the rated power after 20 years of use. The general rule of thumb is that panels will degrade by about 0.5 - 1% each year which means that the panels will still generate at least 80% of their original capacity when 20 years old (2035), 70-75% when 30 years old (2045), 60-65% when 40 years old (2055) and so on.

There are continual advancements in solar panel technology with the development of low cost, environmentally friendly production methods and new materials. A large proportion of solar PV panel materials can already be recycled through reputable and qualified electronic waste recycling service providers. Once the panels reach their useful life contemporaneous recycling and reuse methods will be investigated to ensure the most environmentally responsible disposal method will be selected.

3. Council needs to explain Council’s claim to protect a person’s identity. You were willing to remove person’s names from submissions, yet you demanded for people to participate full details about their names, addresses and other contact details, were supplied to an unknown outside organisation. There is no protecting privacy about an identity in this requirement by Council as
other details also on submissions they would be able to check if anyone contacting them had lodged a submission.

Response from General Manager, Development & Community Services
Assuming you are referring to the Colac 2050 Growth Plan project, people registered interest to be part of the citizen jury through an independent organisation in order to ensure the jury was independent of Council and its employees. In order for this to occur, they were requested to provide relevant contact details to: be contactable; to ensure that they were either a resident or rate payer of the Shire; and to enable a jury to be selected which reflects the diverse characteristics of our citizens.

4. Why does the Colac Otway Shire Council not require the elected members to consider and implement in total how Council’s time and funds are used, not pass on responsibility to advise it to unelected people, who are unable to be judged if any decisions are not acceptable or unable to be put into use?

Response from General Manager, Development & Community Services
Assuming you are referring to the Colac 2050 Growth Plan project, Council will remain the statutory decision maker in relation to the Colac 2050 Growth Plan. The citizen jury is part of a broader community engagement process, and will be making recommendations to Council for their consideration.

5. Does the Colac Otway Shire yet know what portion of the $225,000 funds allocated to develop tourism in the Great Ocean Road region will be made available for expenditure in this shire, since Cape Otway is mentioned among other to benefit?

Response from General Manager, Development & Community Services
Great Ocean Road Regional Tourism has been awarded a State Government grant to develop a project called the “Aboriginal Tourism Product Development Planning Project”. The project will bring together Traditional Owners, the six local governments along the Great Ocean Road, Regional Development Victoria and Parks Victoria to identify opportunities to enhance existing Aboriginal tourism experiences and create new ways to engage tourists in Aboriginal history. The grant has been awarded by the Minister for Regional Development, Jaala Pulford. Minister Pulford announced on 13 October that consultants, First Australians Capital, have been commissioned to undertake the project. Council has not been advised of any specific amounts being allocated to the areas mentioned in the media release which include Cape Otway, Moyjil, Tower Hill, Budj Bim and the You Yangs.

6. When Council has any work done that calls for speed restriction to be put on roads, when will it make sure they always state the same facts, not the ridiculous confusion in Murray Street, Colac over the CBD upgrade? When the first sign in the West states 40 only for 7.00am to 5.00pm, when others state 40 with no indication, not 24 hours a day. So no one who between 5.00pm and 7.00am should never be charged for excessive speed if not over 50km/hour in the CBD zones.
Response from General Manager, Infrastructure & Leisure Services

Motorists must obey the signed speed limit at all times. In the case of the Colac CBD project the 40 limit applies 24 hours per day.

QUESTIONS RECEIVED VERBALLY AT THE MEETING

Yvonne Francis, Apollo Bay

Is the Colac Otway Shire allowing the Otway Forum to take the lead on the $70 million Barham Development Plan in Apollo Bay? The Forum is not qualified to handle such a huge project, nor has it the resources required to ensure that the whole Shire, or the community of Apollo Bay, is fully cognisant of the consequences of this development.

Response from General Manager, Development & Community Services

No, we are not expecting or proposing that the Otway Forum lead the consultation process. Council has recently exhibited, for a four week period, the proposal that is being considered before Council in the next few months.

Dieter Wessner, Colac

Can Council tell us when they are ready to give us a definite plan for the new Memorial Square please?

Response from General Manager, Infrastructure & Leisure Services

Council has adopted a masterplan for the Memorial Square, which includes a number of distinct projects to improve the area there. For instance, one of those is the restoration of the memorial itself, for which a contract either has recently, or soon is to be entered into. I would be happy to meet with the gentleman offline and work through some of the details of the masterplan.

Margaret Saddler, Colac

Could a bus shelter be erected outside the Barongarook Motel? The bus stop is there; it is opposite the Barongarook Retirement Village and also services residents from the units next to Barongarook Motel, running up toward the Barongarook Creek. The transit bus is regularly used. I can’t believe that a bus stop was put outside a retirement village without a shelter of some sort. I have had a request and I was just wondering, is there anything happening?

Response from General Manager, Infrastructure & Leisure Services

I will take that question on notice. I’ll chase up the stage that the request is at and will respond to you.
Geoff Cole, Colac

Some time ago I was asking about the investigation of a purpose-built leaf machine for the Shire that would pick up all the leaves. I was wondering if there has been any more investigation into the simpler one that I put forward?

Response from General Manager, Infrastructure & Leisure Services

I will take that question on notice. I do remember Mr Cole, the discussion we had around that. I'm just not 100 per cent sure where we are at in terms of doing some investigation on that, but I will contact and update you.

RESOLUTION

MOVED Cr Jason Schram seconded Cr Kate Hanson

That Council, having considered submissions received and determined that the apportionment and the special benefit applied to all proposed contributors to the scheme have been done fairly and reasonably:

1. Resolves to Declare a Special Charge Scheme for the construction of a common drainage line along the easement on the north boundary of 142 Armstrong Street and associated works in Armstrong Street and in the Trinity College such that:
   a. The construction of a common underground drainage pipe and associated works will be of special benefit to properties described in paragraph (9) and shown on the attached plan by way of:
      • Controlled stormwater discharge
   b. The stormwater system is constructed using the lowest cost construction method through the easement of 142 Armstrong Street.
   c. A special charge is declared for the period commencing on 25 October 2017 and concluding on 25 October 2022.
   d. A Special Charge Scheme is declared for defraying any expenses in relation to the installation of an underground stormwater pipe system comprising of a 250mm stormwater pipe in the easement along the northern boundary of 142 Armstrong Street, Colac.

2. The following be described as the area for which the special charge is declared:
   • The partial area within Trinity College that can directly connect to the underground drainage line located in the easement along the northern boundary of 142 Armstrong Street, Colac and the areas north and west of this area located in Hearn Street and Armstrong Creek which will be protected by this drainage line and applying to properties described in paragraph 3.

3. The following be declared as the land in relation to which the special charge is so declared:
   • 119-243 Hart Street, Colac Lot 14 LP 58025
   • 206 Hearn Street, Colac Lot 5 LP 58025
   • 208 Hearn Street, Colac Lot 6 LP 58025
