2013**

Purpose

To rescind a resolution passed at the Planning Committee meeting held on 11 November 2012 setting the meeting dates and times for 2013 Planning Committee meetings and to seek endorsement of a new meeting schedule for the remainder of 2013.

Declaration of Interests

No officer declared an interest under the *Local Government Act 1989* in the preparation of this report.

Background

As a new Council, Councillors adopted the 2013 Planning Committee meeting dates, times and venues at its Planning Committee meeting held on 11 November 2012. It was decided at this meeting to continue with the current practice of holding workshops and briefings on the second Wednesday of each month, in conjunction with the Planning Committee meetings. Council has since reviewed this current arrangement and resolved at the Council Meeting held on Wednesday 24 July 2013, to trial holding briefings and workshops every Wednesday afternoon from 3.00pm to 6.00pm. Planning Committee and Ordinary Council meetings would commence from 5.00pm on the second and fourth Wednesday of the month respectively.

Council Plan / Other Strategies / Policy

Good Governance

means we care about and are responsive to the community, encourage democratic participation and involve people in decisions that affect them. We strive for excellence in financial management and council services, and always look for better ways to do things.

Our Goal:

Ensure transparency of governance practices, the capability of our organisation and effective resource management.

Issues / Options

The current arrangement requires Councillors and officers to commit to two full days, and often one evening, each month. This has led to a conflict with Councillors' employment commitments and their availability to attend workshop presentations. Councillor briefings and workshops are an important component in a suite of tools used by Councillors and Council officers to communicate on a broad range of issues. It is therefore desirable that all Councillors have the opportunity to attend these briefing sessions. Community members with work commitments have also found it difficult to attend Council and Planning Committee meetings held during the day. Whilst Council has resolved to change Council meeting times, Planning Committee still need to separately resolve to change their meeting times as per the Council resolution on 24 July 2013.

Proposal

That the Planning Committee rescind its previous resolution with respect to the holding of Planning Committee meetings in 2013 and resolve to hold future meetings from 5.00pm on the second Wednesday of each month.

Financial and Other Resource Implications

It is not anticipated that there will be significant financial implications with respect to this proposal, however Council officers will be required to work additional hours to accommodate the scheduling of evening briefings and meetings.

Risk Management & Compliance Issues

There are no significant risk management issues associated with this proposal, however it must be noted that there will be occasions when Councillors and Council staff will be required to commute during the evening hours.

Environmental and Climate Change Considerations

There are no expected environmental and climate change considerations with respect to this proposal.

Community Engagement

The community engagement strategy follows the recommendations of the Colac Otway Shire Council Community Engagement Policy of January 2010, which details five levels of engagement – inform, consult, involve, collaborate and empower.

The method selected would be inform and include an advertisement in local media and notification on the Colac Otway Shire Council website.

Implementation

Should the recommendation be adopted, it is expected that the new meeting arrangements will commence on 11 September 2013. Venue and catering arrangements would be revised to accommodate the change of meeting times.

Conclusion

The current schedule of briefings and the Planning Committee meetings has meant that some Councillors have missed valuable briefings and/or presentations. It is anticipated that the holding of more frequent and shorter briefings and workshops will make it easier for Councillors to attend without significant impact on their professional careers. It is also hoped that the scheduling of the Planning Committee meetings to commence at 5.00pm will provide for greater community inclusiveness and participation.
