Domestic Wastewater Management Plan

(closes Friday 24 June)

Drop-in community information session at the Forrest Hall on Thursday 16 June, 4pm - 6pm.

The Domestic Wastewater Management Plan provides the framework for how Council and the community manages its onsite domestic wastewater systems (septic tank systems, treatment plants, worm farms systems, sand filter systems) in unsewered locations.

Development of new Environment Strategy

The new strategy will guide Council's environmental strategic priorities and targets for our region for close to the next decade. It's essential that community opinion shapes this strategy - we need your help. Please join us at one of the community drop-in sessions that will be held across the shire in June to have your say.

It was developed as a partnership project between Colac Otway Shire Council (Council) and the Great Ocean Road Coast and Parks Authority (the Authority).

Upgrade to the fish cleaning facility at the Apollo Bay boat ramp

The Australian Government's Recreational Fishing and Camping Facilities Program has enabled grant funding of \$167,200 for a planned upgrade to the fish cleaning facility at the Apollo Bay boat ramp. Delivery of the project is scheduled for 2022, with the finished facility expected to be complete before the 2022/2023 summer holiday season.

Council invites feedback from fishers, boat ramp users and the community.
