GoodSort App reaches 2500 downloads

Colac Otway Shire Council's easy-to-use waste App - GoodSort - reached a milestone this month, with 2500 downloads.

Since launching the App in November last year, this milestone has exceeded expectations.

The App will help you to never miss bin night again, as well as helping you know if there are service changes or delays. There's also an easy recycling guide to help you Be a Good Sort. The Good Sort App is available for Android and iPhone devices, visit Council's website for more information and links to download the App - www.colacotway.vic.gov.au. If you would like assistance accessing the App, please contact Council on 5232 9400.

Fun Facts about Council's GoodSort App:

- Most used feature: Bin night information
- Most searched waste/recycling material: BEDDING - sheets, doonas, blankets, pillows. (Remember, if they're in good condition, send them to your local Op Shop or repurpose into rags or pet bedding before disposing of into landfill either through your Red bin or at a transfer station)
- Our favourite searched waste/recycling material: PIZZA BOX - DIRTY. It's great to see our community want to know how to dispose of these. (If the pizza box base is greasy or has food attached, put the greasy part in your home compost or Green Organics bin and clean cardboard lids and boxes go in the Yellow Recycling bin)
