## VALUATION OBJECTIONS

### Residential - General Information

As requested, please find attached a "Notice of Objection to Valuation of Land" form for you to complete and return to me as soon as possible.

You should note this objection is for the **valuation only**. Objections based upon rates issues and other non valuation related issues are not valid objections and will NOT be referred to the valuer for consideration. An opportunity to object to rate related issues was allowed as part of consideration of Council's Budget process conducted earlier this year.

Before objecting to the valuation, you should be aware of the following points, namely:

- (a) the Capital Improved Valuation is an estimate of the market value of the property as at 1<sup>st</sup> January each year
- (b) this estimate is generally assessed by analysis of sales data and consideration of factors such as land size and age, size and quality of buildings and for commercial properties, rental income derived
- (c) non capital items such as gardens, curtains, recent painting etc are not considered in the valuation
- (d) items external to the property (e.g. an unmade road, no kerb/channel, etc) are also not considered (although will most likely be reflected in sales figures of other properties in the area)
- (e) the Capital Improved Valuation *includes* the Site Valuation.

**As such, if you believe your property would sell for an amount similar to Council's Capital Improved Valuation, it is most likely the valuation is correct.**

All valid objections will be considered by Council's contract valuer following which the objection will either be allowed or dismissed. You should provide evidence supporting your view of what the valuation should be.

The valuer must make a decision on your objection within four months of it being lodged with Council. Any amendment of the valuation will result in the rates for the property being recalculated. If the objection is dismissed and you do not agree with the decision, you may refer the matter to the Victorian Civil and Administrative Appeals Tribunal or the Supreme Court. Information on how to do this will be provided at that time.

If you have any further enquiries in regard to this, please contact Council's Rates Department on 03 5232 9400.
